INTRODUCTION

Dear Colleagues and Friends,

It is our great pleasure to invite you to participate, and more importantly to contribute to the **4th World Bronchiectasis & NTM Conference**.

Following a successful first editions in Hannover in July 2016, in Milan in July 2017 and in Washington DC in July 2018 with an average attendance of 400 researchers and clinicians, we are happy to announce that the 2020 edition will take place in Barcelona, at the University of Medicine within the Clinico Hospital from 17 to 19 December, 2020.

The WBC is the place where the latest outcomes on the diagnosis and management of Bronchiectasis are shared and discussed. Furthermore, following the increase of NTM pulmonary and extra – pulmonary morbidity and mortality, it has been decided to fully integrate NTM related topics within the conference programme.

Considering the complex clinical picture of most of the patients affected by Bronchiectasis and NTM, large space will be given in this edition to **co-morbidities**. A central role would be also dedicated to the latest outcome on **microbiome** in pulmonary diseases as well as in the latest outcomes in **clinical trials**, and new available **diagnostic procedures** and **treatments**. The conference will be also the place where to discuss the **International Guidelines on NTM** and **Bronchiectasis**.

Several lectures would be reserved to **latest more interesting research works** from all over the World presented directly by participants, while **poster sessions** will help sharing effective clinical practices among attendees.

Joining forces, exchanging clinical experiences, sharing data and instruments, creating a network of active experts in the field are the main goals of the conference.

Looking forward welcoming you in Barcelona,

Yours sincerely,

Prof. Antoni TORRES Prof. Francesco BLASI

GENERAL INFORMATION

ADMISSION

The participant's name badge will be provided at the registration desk. All participants are requested to wear the badge throughout the conference. Only badge holders will be admitted to the appropriate sessions, exhibition and social events.

PRESENCE CONTROL

Effective attendance is checked through badge scanning when going in and coming out of the plenary room.

CERTIFICATE OF ATTENDANCE

The certificate of attendance will be downloadable from the website www.world-bronchiectasis-conference.org using the personal log-in credentials sent by e-mail, starting from December 22th, 2020.

For Sponsored Groups: Please note that in order to send the certificate of attendance to each participant, we will need the personal e-mail address.

The Certificate of attendance will only be delivered to those having attended the Conference.

CME ACCREDITATION

An application has been submitted to EACCME® (European Accreditation Council for Continuing Medical Education) and EBAP (European Board for Accreditation in Pneumology) for CME accreditation of this event.

AIFA

For Italian Sponsors or Sponsored Groups from Italy, the AIFA dossier should be submitted no later than April 30, 2020. Please contact the secretariat to know which is the Italian Agency taking care of the AIFA pre-request. The Organising Secretariat will provide all the required documents within September 15, 2020. The procedure must be completed by the Sponsor within October 14, 2020 and officially communicated to the Organizing Secretariat.

LANGUAGE

The official language of the Conference is English. No simultaneous translation will be provided.

LETTER OF INVITATION

The Secretariat will be pleased to send letters of invitation to any participant making such request. A letter of invitation often facilitates the procedure of obtaining a Visa. Please note that the letter is not a commitment on behalf of the Conference to provide any financial support.

SECRETARIAT

The secretariat desk will open on Thursday, December 17th, 2020 at 12:00 and stay open throughout the Conference.

INSURANCE

The Conference organizers cannot accept liability for personal injuries sustained, or for loss or damage to property belonging to Conference participants, either during or as a result of the Conference. Registration does not include insurance. It is strongly recommended to subscribe an insurance policy of your choice as you register for the Conference and book your travel.
